Sir,

LAND ACQUISITION: Udipi taluk--Palimar village--S.Nos.127,128 etc--for Palimar anicut scheme--employment of special staff--report.

Ref: 1.G.O.Rt.592 Public works department dated 12.5.51.
2.G.O.Rt.775 Public works department dated 22.6.51.

--

The 4 (1) notifications in respect of the proposals for the acquisition of portions of S.Nos.127,128 etc of Palimar village of Udipi taluk and 5/5, 6/1 etc of Karnire and 5/4 and 5/5 etc of Kuvathor villages in Mangalore taluk have been approved and ordered to be published in the Fort St. George Gazette in the G.Os cited above. It is reported that in Palimar village alone 161 sub-divisions have to be formed and the length of the channel is about one and three fourths mile. The sub divisions to be acquired are 72, of which 55 are wet, 15 garden and 2 are dry. On the Mangalore side of the anicut the sub divisions to be acquired are all wet and are 29 in number. It is observed that valuation of different types of lands are involved in this acquisition and that the work cannot be attended to by the regular revenue staff.

2. In this case the Executive Engineer P.W.D South Kanara Mangalore who has initiated these proposals has not given the approximate extent that will have to be separately subdivided from each plot. What he has furnished is only the approximate extent of the several sub divisions collectively. These sub-divisions have therefore to be demarcated on ground with reference to the peg mark alignment since made by the P.W.D. Staff.

P.T.O.

3. The Revenue Divisional Officer Coondapur who is the Land Acquisition officer for the Palimar side of the scheme has recommended the immediate employment of the special staff mentioned in the statement enclosed. The Revenue Divisional Officer Mangalore who is the Land Acquisition officer for the Mangalore side of the scheme also recommends the employment of this additional staff.

4. The work involved in the acquisition of the several plots concerned in this case is considerable. The employment of a special staff is found to be absolutely necessary in view of the urgent nature of work. I request that the Government may be moved to sanction the staff mentioned in the statement appended for the periods noted against them.

5. Mulki is at a distance of 3 miles from Palimar village and 1 mile from the anicut. There is accomodation for the staff at Mulki which is a Panchayat Board area while no convenience can be commended at Palimar. I therefore recommend that the head quarters of the special staff (except for the one lower division clerk for the office of the Land Acquisition officer) may be fixed at Mulki and as a special case F.T.A allowed to them.

6. The appointment of the surveyor and the chainmen will have to be made immediately. The special Revenue Inspector will start working some time after the Survey is taken up. A sum of Rs.400/- or so will be required towards the cost of the survey stones and cooly charges. Including this sum the estimated cost of the special staff is reported by the Revenue Divisional Officer, Coondapur as follows: Rs.2612-5-0, the expenditure of which is worthwhile for the speedy acquisition necessary in this case.

Yours faithfully,

For Collector.

Please see the letter from the Collector S.Kanara at pp.1-3 c.f.

2. The Collector of S.Kanara has submitted proposals for the appointment of a special Revenue Staff for the land acquisition work connected with the Palimar Anicut Scheme which is a G.M.F.Scheme sanctioned by the Government in G.O.Ms.79 F & A (FP) dated 3.8.50. Orders sanctioning the acquisition of lands for the above scheme were issued in G.Os Nos. Rt.592 P.W.dated 12.5.51. and G.O.Rt.775 P.W.dated 22.6.51. The special staff required are:-

One Special Revenue Inspector.	for six months.
One Peon	-do-
One Surveyor	Three months.
One Chainman	-do-
One Lower Division Clerk	Six months.

The Collector has stated that in Palimar village alone 161 sub divisions have to be formed and the length of the channel is about one and threefourths mile. It is further reported that on the Mangalore side of the anicut the sub divisions to be acquired are all wet and are 29 in number. The Collector has stated that valuation of different types of lands are involved in this acquisition and that the work cannot be attended to by the regular revenue staff and that the employment of the above staff is found absolutely necessary in view of the urgent nature of work. It is reported that both the R.D.Os at Coondapur and at Mangalore have recommended the immediate employment of the special staff in question.

3. In the circumstances stated, the Collector's proposals for the employment of the staff mentioned at X on p.1. ante for the periods noted against them may be accepted in this Department. The extra cost on account of the proposal (including a sum of about Rs.400/- towards cost of survey stores and cooly charges) is estimated to cost Rs.2612/- non-recurring, the expenditure of which is considered worth while for the speedy execution of the scheme.

A1 on p2

4. The Collectors proposals include grant of F.T.A. to the staff and fixing the headquarters of the special Revenue Staff (except the L.D.C.) at Mulki-As the Land Acquisition work has to be done in two taluks, viz Palimar village in udipi TK and ~~Kannur~~ proposals may also be agreed to. Karnire and Kaikamba Villages in Mangalore TK which involves touring the staff may be granted FTA as a special case.

The remarks of the Fin.Department may be invited.

The file may be sent to Finance through Revenue.

12.8.51 VDA 13/8/51 DS

The survey work is not DS attended to by the R.I. but the R.I. or Spl. Surveyor does it. The R.I. has to attend to the remaining duties only when is the need for the appointing a Spl. R.I. in L.A. cases. If L.A. work I am of opinion that the creation of S. Karnam post is an clear case for a Spl R.I.

28/8 Spl. F.P.V

D.6.'s remarks on page 2 ante

Submitted:

2. The L.A.Manual is put up above.

3. The scale of pay fixed for a special R.I. in L.A. cases is the scale of pay of an L.D. Clerk viz 45-90.

4. Attention is invited to the statement on p 3 c.f.

The Collector has proposed among other staff, the employment of a Special R.I. with the scale of pay of an L.D.Clerk and also one Surveyor. It is ascertained from L.R. that usually a Special Deputy Surveyer of the grade of Taluk Surveyor is appointed for L.A. work and that in addition a Special R.I. ~~is~~ in the scale of an L.D.C. is allowed where the number of sub divisions to be acquired are considerable. The services of a surveyer will be utilised exclusively for survey work. The R.I. has to attend to the following items of work.

(1) gathering registration statistics for fixing market value of lands under acquisition

(2) preparation of preliminary valuation statement.

(3) enquiry of the ownership of lands

(4) service of notices under sections 5-A. Sec.9 (1), 9 (2), and Sec 10. of the L.A.Act.

Since the Sub Divisions to be acquired in the present case are 100, the work involved is considerable and in the circumstances explained above this Department need not, perhaps, object to the employment of a R.I. in addition to the employment of a surveyor. (The scales of pay proposed by the Collector are correct.)

If this note is approved the file will be sent to Finance through Revenue for remarks.

2. Regarding the appointment of a lower division clerk, it is not clear whether there will be enough clerical work involved to ~~engage~~ a whole-time lower division clerk. It would also appear from the F.P.M. Secretary's note on p 2 above, that the Special R.I. may not have full work in spite of the facts mentioned on p 3 above. Hence he can be utilised for attending to the clerical work also. Finance may therefore suggest that there is no need to employ a l.d. clerk as proposed.
